March, 2018

Parents,

The **Annual Summer Reading and Math Clinic** will once again be offered at St. Edward the Confessor School. The goal of the Reading Clinic is to develop or remediate the basic skills in reading comprehension, phonics, word attack, vocabulary, fluency, and content area reading. The Math Clinic emphasizes addition, subtraction, money, telling time, multiplication, division, fractions, decimals, problem solving, and pre-algebraic concepts. The English class will include grammar and writing skills. The clinic can also accommodate strong students who wish to accelerate their learning.

The program provides individualized instruction for each child. Students are tested before the program begins to help determine placement. Students work in groups with others of similar needs and skills. The ratio of students to teacher is approximately five to one. Students presently enrolled in Kindergarten through Seventh Grade are eligible. Since children are ability grouped, students of all abilities are served.

The staff members of the clinic are all professionals. Cathy Campagna, Ann Marie Domecq, and Aimee Gardner are administrators of the clinic, and have been associated with the program for over 20 years. Mrs. Campagna is certified in Special Education and Elementary Grades K-8. Ms. Domecq is certified for K-8 and specializes in individualized learning for a variety of levels. Mrs. Gardner has a Reading Specialist certification and a Master's Degree in Elementary Education, and is certified in Early Childhood. Ms. Celeste Nillen, is a veteran early childhood teacher with a Master's Degree, and is also a Reading Specialist.

The clinic will operate from June 5 to July 6. Testing will be held on May 29, May 30, and May 31. Students meet **50** minutes a day per class for 5 weeks. Classes are held in the morning.

All instructional materials except Math and English workbooks are provided by the clinic. Math and English students will be assessed a \$15.00 book fee. The cost of the program is \$300.00 per course. There is a \$25.00 fee for registration, testing, and placement. Parents will be contacted for an appointment for testing.

To register your child, complete the information below and forward it along with the \$25.00 registration fee to St. Edward the Confessor School at the above address. If you have any questions, you may call the following number: **888-6353** or email Aimee Gardner: *agardner@steddy.org*. Please make checks payable to: St. Edward School.
